

Immunology Services

Service	Description	Unit	Price*
Sample preparation			
	Blood processing for PBMC isolation no freezing	Reagents and supplies 1 sample	\$16.47
	Blood processing with PBMC freezing (1-8ml)	Reagents and supplies 1 sample	\$29.10
	Blood processing with PBMC freezing (9-17ml)	Reagents and supplies 1 sample	\$41.79
	Blood processing with PBMC freezing (18-24ml)	Reagents and supplies 1 sample	\$66.06
	Blood processing with PBMC freezing (>24ml)	Reagents and supplies 1 sample	\$157.31
	Plasma processing	Reagents and supplies 1 sample	\$15.18
	Serum processing	Reagents and supplies 1 sample	\$13.37
	Tissue processing for lymphocyte isolation	Reagents and supplies 1 sample	\$69.53
	Tissue processing for spleen isolation	Reagents and supplies 1 sample	\$271.56
	T cell enrichment with magnetic beads	Reagents and supplies 1 sample	\$294.96
Fluorochrome conjugated monoclonal antibody			
	Anti-SIVGag p27	Clone55-2F12 100 tests	\$99.41
ADCC assays			
	SIV-specific ADCC assay	Reagents and supplies 1 sample	\$284.00
	HIV-specific ADCC assay	Reagents and supplies 1 sample	\$252.00
Sample staining for flow cytometry			
	Compensation tube	Reagents and supplies 1 comp tube	\$5.29
	Custom T cell panel for 4 functional markers and memory phenotype	Reagents and supplies 1 sample	\$32.03
	Custom T cell memory phenotype panel	Reagents and supplies 1 sample	\$32.03
	Custom T cell and NK cell proliferation panel	Reagents and supplies 1 sample	\$39.07
	Custom neutrophil progenitor panel	Reagents and supplies 1 sample	\$58.91

Service	Description	Unit	Price*	
Data acquisition				
	Flow cytometry data acquisition	By Immunology Services	1 hour	\$119.76
	Flow cytometry data acquisition	By Investigator	1 hour	\$73.40
	Biosafety level 3 cell sorting 1st hour	Reagent and labor fee	1 hour	\$155.82
	Biosafety level 3 cell sorting after 1st hour	Reagent and labor fee	1 hour	\$108.88
	Elisa data acquisition using Glomax reader	1 plate		\$5.00
	Elispot data acquisition using AID reader		1 hour	\$15.00
Expert support				
	Laboratory work (experienced Research Specialist)	Hourly rate	1 hour	\$60.21
	Data analysis (PhD-level Research Scientist)	Hourly rate	1 hour	\$165.35

Prices are for budgeting purposes. Please contact Immunology Services staff (<https://primate.wiscweb.wisc.edu/research-services/immunology-services/>) for precise costs for your project.

*Prices are base prices for University of Wisconsin investigators. As of May 1, 2022, charges to other US federally funded and non-profit entities include an additional 38.5% charge for indirect costs. The indirect rate for foreign universities and non-profits (such as foreign NIH equivalents, e.g. the UK's NHS) and US for-profit entities using federal funds is 55.5%. For-profit companies are charged an additional 72.5%.
